"If the light is to be carried to the newcomer, he has to be brought within reach of it. This is our business here. It is the business of every intergroup association, every group committee. And we who man these special enterprises are commonly called trusted servants, and this implies leadership of the highest order, minus its usual implications."

Our Great Responsibility, p. 161, from 1963 GSC

"We need it to ensure that changes within A.A. come only as a response to the needs and the wants of all A.A., and not of any few. We need it to ensure that the doors of the halls of A.A. never have locks on them, so that all people for all time who have an alcoholic problem may enter these halls unasked and feel welcome. We need it to ensure that Alcoholics Anonymous never asks of anyone who needs us what his or her race is, what his or her creed is, what his or her social position is."

AA Service Manual, p. 40, from 1954 GSC
